Will Arrive In New York on the 20th of August.

THE WORLD'S PISTOL RECORD BROKEN

TOHN GORMAN, OF SAN FRAN-CISCO, THE WINNER.

Shooting Was at a Regular Columbia Score, Which Is Exactly Opposite to That of Creedmore-Many Interesting Games on League Diamonds Yesterday.

San Francisco, July 25 .- D. J. Lynch, manager for Salior Sharkey, leaves for New York in the morning to complete final arrangements for the Sharkey-Maher fight. He will meet Buck Connelly, representing Maher, on Aug. 2,

records were smashed at a range of the Stockton Rife and Pistol club by John Gorman of the Columbia Rife and Pistol club of San Francisco.

The shooting was at a regulation Columbia target, one-inch center. On it the score counts just opposite to that on the Creedmore, the lowest being the best, as the bullseye counts one and each ring away counts one more, eight being the highest and poorest shot. Gorman shot with a Russian model revolver at 50 yards without using a rest, and in the six-shot test his score was 2, 1, 1, 1, 4, 3. Total—12, the record being above 16. The first shot cut the line adjoining the bullseye and the next three struck the one-inch center. After beating the world's record for six trials he fired ten shots at the same distance, under the same conditions, and scored 39-another new mark for that number of attempts.

The shooting Saturday on the targets of the Columbia Pistol and Rife club exceeds all previous records at military targets in California. In the competition for the Glindemann medal on the Columbia target, Creedmor count, out of a possible 50, two scores of 49 were made, one of 48 and seven of 47.

The two scores of 49 were made by Ed Hovey and C. F. Waltham, but according to Creedmor rules the former won. In addition to this, in competition for the diamond pistol medal, J. E. Gorman reduced the state record, formerly held by Charles Davis, from 23 to 20.

toga Racing association today made the following announcement:
Midsummer handicap of \$2,900 (to be run on Saturday, July 21.) for all ages. A sweepstakes of \$35 each, or only \$10 if declared by June 1. The association to guarantee the value of the stake to be \$2,000, of which \$1,500 goes to the winner, \$300 to the second.

Starters to pay \$50 additional and to be named through the entry box at the usual hour of the closing of the entries on the day preceding the race. One mile weights for the Midsummer handicap:

handicap:
Clifford, 132; Ben Brush, 126; Handspring, 124; Buck Massie. Flying Dutchman, 122 each; Hastings, 121; The Winner, First Mate, 120; Belmar, 119; Harry Reed, 112; Sir Waiter, 113; Gotham, Ledi, 110; Connoisseur, Hugh Penny, 107; George Kensier, Marie Prince, Maurice, 106; Lakeshore, Free Advice, G. H. McNally's Feat.

Boston swimmer, who was scheduled

Eoston swimmer, who was scheduled to make an attempt to swim the English channel on July 4, telegraphed to the Associated Press today from Calais that he made the crossing yesterday. He says that he started from Dover at 11:39 in the morning and was in the water 15 hours, in which he covered 35 miles. He landed at 2:39 o'clock in the morning at a point three miles from Cape Griznez.

McNally left the Admiralty pier at Dover in the presence of a crowd of onlookers at 11:29 o'clock, intending to go merely for a trial swim. A lugger manned by two local suffors, accompanied him. McNally's trainer, Brown of Boston, the proprietor of a music hall at Dover, and one London Journalist, were also aboard the accompanying boat. McNally swain steadily at the rate of one and one-half miles an hour. At a point four miles out the temperature was found to have fallen from 64 to 62 degrees, and the weather had become very foggy. Six miles out the fog lifted and all the circumstances of tide and wind were so perfect that McNally announced his determination to try and cross the channel. He had been heading direct for Calais, but a strong westward current had drifted him to a position nearly off Folkestone. He now took refreshments, consisting of beef extract and ginger, and a long piece of American chewing tobacco. He swam continuously with a breast stroke, with occasional changes to a side stroke for relief, but he never swam on his back, which he expiains interferes with the action of the muscles.

At 4 o'clock the Varne Hghtship was continuously by the awaiter of the and offerences. At 4 o'clock the Varne lightship was

Maher fight. He will meet Buck Conacily, representing Maher, on Aug. 2, when the final forfeit will be posted and the match awarded to the club offering the biggest bonus. Sharkey, who is now in Ireiand, will arrive in New York on Aug. 20.

AS SEEN IN SAN FRANCISCO.

Objection to the Tariff Bill By the City on the Bay.

when we get on the lakes we can make good time with the horses. I teet in the widest part and narrows to 15 feet in some parts. I could not get a picture of it on account of the weather. Its height, I should judge, is about 150 feet, and very steep. The trail is very narrow and crooked, in some places it being not more than two feet between the wall and the roaring cascade, some 20 feet below. There is no railing, either, yet horses make the trip every day with little sleds 16 inches wide between them. They are always slipping off, though, but never at the worst places. Of course we had to make a number of trips through this canyon. Nobody can haul more than 150 pounds. It was all I could do with Shirley's help. The last load I hauled clear through to Sheep camp, socalled on account of the mountain sheep that are killed here sometimes. This camp is the last one on this side of the divide. From here we shall have to work our stuff up the summit by packing it on our backs, and then, after it is all up, wait for a good day and take our camp outfit over with the rest. Ther are lots of men here waiting, who have been waiting for ten days to go over because of the weather. We may be here two weeks: cant tell anything about it. We have reached the last of the timber. Our camp here
